The Committee will meet and inform you what amount will be funded.

Summer camp is an opportunity to grow in faith while enjoying God's creation. The Christian Education Committee would like to encourage all children of the congregation to consider a session at one of our outstanding LCMS Outdoor Ministries this summer. To this end, the Christian Education Committee has set aside some funds from the Christian Education Fund to assist parents with the registration cost. Additional information about the eligible camps can be obtained by speaking with Pastor Marks. The Committee simply asks that each child receiving a campership update the committee on their camp experience when they return. The completed Campership Form must be returned to Pastor Marks or Janice Mitchell by March 1, 2024.
